

# MNT Training Emergency Paediatric First Aid Training Course

Caring for a baby or a young child is a big responsibility. Would you know what to do if your child or a child you were caring for stopped breathing? Those working with young children in a professional capacity or parents themselves often feel ill equipped to cope with such emergencies, and learning basic Paediatric First Aid can not only improve confidence in dealing with emergency situations, but may even help save a child's life.

For Professional Child Carers, a Paediatric First Aid Certificate is an essential requirement for most jobs and must be kept up-to-date by renewing every 3 years. All candidates deemed competent by the course First Aid Trainer will receive their Emergency Paediatric First Aid Certificate – valid for 3 years. **(NB– Please note this course is not sufficient for those wanting to register with Ofsted on the Voluntary Childcare Register. If you do wish to register with Ofsted, our 12 hour First Aid Course is an approved course-please refer to the 12 hour first aid course literature for details).**
