

Ofsted Registration Process FAQ's

There are three items that you will need before you can become eligible for the Ofsted Voluntary Register (VOCR). Two, of them we provide at MNT Training Ltd and the third, we can signpost you too:

1. **Level 2 Childcare Qualification (or above) or Common Core Skills Training** – MNT Training deliver the OCN Common Core Skills Courses, either as a one day attendance course in London or as a Home-Study course, for carers without a Level 2 childcare qualification (or above).
2. **Paediatric First Aid** – available as a 1 day course on a Sunday in central London.
3. **Public Liability Insurance** – this is the one MNT Training cannot deliver you to directly but recommend the following companies:
 - NCMA (National Childminding Association) – 0845 880 0044
 - Nannyinsure – 0845 226 7329

FAQ's

- **Do I have to do my First Aid Training before my Common Core Skills Training?**
No – you can do these in any order as long as you complete them before you apply to Ofsted.
- **Do I have to renew my Common Core Skills Training?**
No – unless Ofsted changes its requirements you will not need to renew your Common Core Skills Training
- **Do I need to renew my Paediatric First Aid or Public Liability Insurance?**
Yes – Paediatric First Aid = Every 3 Years. Public Liability Insurance = Every 12 months
- **Do I need to renew my registration with Ofsted?**
Yes – Every 12 months
- **I already have a CRB check do I need to get another?**
Yes – As part of the initial registration process Ofsted will require you to undergo a CRB check, but you do this through them – you should not go and get a new one yourself, say through a nanny agency as Ofsted won't accept it.

Ofsted's Contact Details – 08456 404040 www.ofsted.gov.uk

We hope this information helps as you look to become registered on the Ofsted Voluntary Register (VOCR) but please do not hesitate to contact a member of the MNT team at Head Office on either 0844 826 8446 or email info@mnttraining.co.uk if you require any further information.
